COMPULSORY TASK: ROLE 2

Character Object — Evidence Guide

(Object that is important to this character)

Discussion Guide — record all ideas on your Group Research Sheet

What is this task about?

Use historical clues to decide what object is important to your character.

This object should:

Link to their work, life or story

Help explain who they are

Add meaning to your character

You are working like historians using evidence to make decisions.

Work like historians: see, say, show

SEE — What do you notice?

Look closely at images and references.

Discuss:

What objects appear in the images?

What tools or items are people using?

Are there objects linked to their job or daily life?

Do any objects suggest status, skill or role?

SAY — What does the research tell you?

Scan the research text for key words and short phrases.

Look for:

Tools

Equipment

Personal belongings

Important or symbolic items

SHOW — What does this evidence show us?

Discuss as a group:

What object best represents this person?

Why is this object important?

What does it tell us about their life or role?

Then, work together to write a clear descriptive sentence that the AI platform can use to generate your image.

This sentence should:

Describe the object clearly

Include key details such as material, size, condition or use

Explain how it relates to the character

Your teacher will then enter this sentence into the Trailmakers website to generate your image.
